TIP FOR A SUCCESSFUL SENIOR SESSION

Haircut : We recommend at least a week to 2 weeks before in case it needs to grow in.

Manicure: Your fingers will show up in pictures make sure you don't have chipped nail polish or missing nails.

Facial Hair/eyebrows: Trim and clean it up!

Makeup: A natural look is best. Remember we use flash photography so bring a little powder to get rid of any shine you may have.

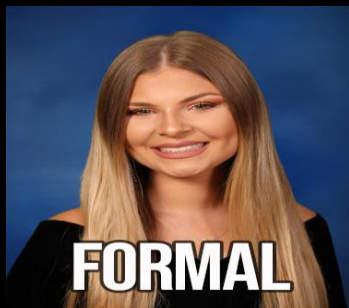

Lipstick: Be sure to check your teeth before getting your picture taken.

Eyelashes: False eyelashes can be great, but the bigger they are the smaller your eyes look. If you do wear false lashes, make sure they are on and not popping off during your pictures.
